SUBJECT: CRAFT [REDACTED] 25X1

REFERENCE: Memo for DDA fm DDCI, dtd 5 June 84, Subj:
[REDACTED] CRAFT 25X1

1. The Office of Training and Education shares the DDCI's concern over the lack of CRAFT terminals for the Career Trainees and other students [REDACTED]. Actions to attempt to resolve this shortfall have been taken since 1981. CRAFT systems [REDACTED] were included in the original CRAFT budget submission by the DO/Information Management Staff (IMS). OTE has included CRAFT in its new initiatives for the FY 1984, 1985, and 1986 program submissions. The DO/IMS also resubmitted the requirement in their FY 1984 program. All of these requests were eliminated at some phase of the budget process.

2. OTE can no longer try to meet the CRAFT requirement via an increase [REDACTED] since the need is no longer a future requirement but a present reality. A decision was made that [REDACTED] would be reprogrammed from the current OTE allotment. This will be supplemented by an additional [REDACTED] from the DO/Evaluation and Plans Staff.
